

"The Senior Blow"

Editorial

It is one thing to come to the end of a perfect day and sit alone with one's thoughts but it is quite a different thing to come to the end of a perfect summer and sit among the trunks and bags and wonder if the auto is coming or listen for the sound of the steamer; however, amid such surroundings we are tempted to be reflective and think of things we did and did not do and of the things we will bring and do next year. One can not think long without realizing that here

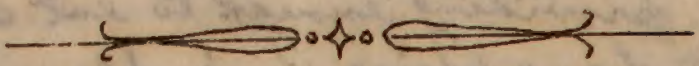

at Sorai, as elsewhere in the world, we are the reapers where others have sown, and that as the charm of the place with its beautiful sea and mountains and refreshing breezes has been provided for us by a loving Heavenly Father, so the many unnatural advantages and conveniences of the place are due to the forethought and continuous thought and effort of a number of our community who sacrifice their time and strength for the good of the entire community. It is because of such people as Dr. and Mrs. Underwood in the past and others who are not with us now and because of the efficient and faithful service of the business committee and those working with them that Sorai means so much to us. Many are getting the Sorai "S" these days, both children and adults, but an "S" for sacrifice has been earned by several this summer, among whom we would especially mention Mr Reiner, who from his first day down here until this goes to press, has spent hours each day in all kinds of service doing the big things, and the little things that needed to be done and without which the pleasure and rest of the summer, would have been greatly lessened for all of us. Mr Reiner has been ably aided by his son, Hugh; both have earned the "S" that stands for sacrifice and service;

with them there are others who have worked hard and made it possible for the rest of us to keep well physically, providing enough to eat and drink and sports for exercise and pleasure and medicine when sick; intellectual food and entertainment and religious and spiritual nourishment and stimulus. We the Staff of the "Senior Blow" from editor-in-chief to printer's devil, in the name of the community, desire to express our hearty and sincere appreciation of the services of those who have thought of the community first and themselves last and who have made the summer so pleasant for all of us.

Owing to a "strike" in the printing department at Sorai this summer, the printing of the "Senior Blow" has been seriously delayed, for which we beg your humble pardon. The mimeograph refused to serve us further and as a consequence a Gyungyang firm has been called upon to do the work. This delay permits of an opportunity not usually offered of making the last "Blow" for the summer more or less a historical number. The editorial staff have prepared excellent material and this has been added to

by the Treasurer.

R.O.P.

Social Activities

The Social Committee put a big test on the mental capacity of this dictionaryless community on Saturday the 15th last, when it divided the households into groups and directed each one to bring in a charade. Since then a shipment of dictionaries has arrived and has been practically sold out. Not again are we to be caught napping. But in spite of the lack of those works of reference, such mouthfuls as the following were thought of and acted out with great zeal: Radiograph, The lay of the last Minstrel, Holdcroft Anderson (= and her son), Hill Swallen (= swallowing), a bitter pill, Nightmare, Bolshewicks, Mistaken, and even one in Korean. "So talguji."

We were entertained with scenes hard to equal even on the screen: gallant knights galloping about in a tourney on two syllabled horses; a remarkable reproduction of a meeting of the Sorai Beach Elder Statesmen; the read at their bloody work; the old spell down; the Korea Language School; a post-

Volsteadian blind tiger; a class in graphs showing the effect that the number of seasons in residence at Sorai has upon one's devotion to it; and others too numerous to mention. Some of the most fetching damsels were Mrs. Chaffin, Miss Appenzeller, Miss Lewis and Dr. Holdcroft. The prize was taken by a tatterdemalion aggregation which had Dr. Bernkeisel as ringleader. Each of the poor things had to do a grand opera stunt, and so out of pity the judges gave them the prize. Judging from the avidity with which they appropriated those small slabs of chocolate, one might imagine that their Thespian endeavors had not provided them with adequate menus for some time. When they had at last melted away, one exhausted member lay stretched out on a bench, and only then could one have guessed that the answer to the charade was, "The Lay of the Last Minstrel."

McNamara's Band performed in grand style. The Auditorium was at its best for the occasion. But how about having an occasional Ben Greet performance out in the grove in memory of former days?

Dedication of Underwood Hall

Founders' Day had been set for July 19th, Dr. Underwood's birthday, but the auditorium was not completed at that time, so the Community decided to celebrate this year the dedication of the new building. The date first chosen for this "Hak Sung Site" was the day of our worst storm, so we postponed it again to August 18th, and while there was more water in the air than we had asked for, the program was carried out, and seemed a success.

The church people of this part of the county, the head men of each village in Taiku Myun, the township officials, our friend the postmaster, Mr. Tokung, and the Changyun Magistrate, were all invited, and enough of them came to fill all the seats in the central section of the Auditorium.

None who were present will forget seeing Mr. Law Sangyun, and hearing him tell of his conversion when a young man, in the Mission Hospital at New Chung, China. He is the sole survivor of the group of Koreans who were so rescued and baptized as church-members by Dr. John Ross and his colleagues, before

Korea itself was open to Mission work. (Note. The statement by his interpreter that he was the first Protestant Christian baptized was incorrect.) He sent to his native village, Sorai, copies of the Scripture, both in Chinese, and in Dr. Ross' Korean version, and they started Christian thought which made it inevitable that Dr. Underwood should be summoned to visit Sorai for his first "Country Drive."

This was the first link in the chain of Providential events that resulted in making possible the summer colony known all over Korea, and in many other lands as well, as "Sorai Beach."

Mr. Noons, speaking for the Building Committee, outlined the history of Sorai's development, particularly the building of the Auditorium, and turned over the keys to the Chairman. Special attention was called to the fact that Underwood Hall is not a "church in which we play baseball" but a Public Hall -- Hong Hoikang -- in which we have church services, as well as any other events that are for the public good.

The visitors were shown through the Dispensary, with which, with its personnel, they seemed much impressed. (Note. Dr. Kim's fame had already reached Changjun. When the wife of the chief of Police there was seriously ill, the police car was sent here for him.) The rain

prevented the exhibition game of Tennis that had been planned, but after tea the "special guests" were shown some swimming and diving contests, in which they took great interest.

The Community greatly appreciates the interest shown by the Chang Yun Magistrate, who brought his wife and sons, and the Administrative Head, with his wife.

We hope that this may be the first of a series of annual "Days" when the Sorai Community will be at home to its friends of the Province, County, and Townships.

The wife of the magistrate, in saying good by added, "till next year", so it is clear that our guests will welcome another invitation.

Hyung Sin Boy's Camp

This year has seen the inauguration of what should be a real, and growing contribution to the life of the young men of Korea, in the opening of the first organized camp for boys in this country.

Boys from well-to-do homes in this country find themselves at home during the summer vacation, with literally nothing to do. There are not enough of them in the ordinary village to make base-ball, or even tennis, possible.

Their supply of reading matter is limited, and there is no work that they can do.

The writer has for years felt that the Summer camp that meets that need of boys of this class in the U. S. A. would fit just as well into the life of the Korean student. During his furlo he visited and studied many representative camps, and interested friends in the project, and in the past 2 years, the ground 10 acres, located 6 miles from Kumipo, admirably adapted to the purpose, has been bought, a well put down, giving an ample supply of pure water, and the first buildings have been put up. The larger one is the "Billy Sunday Bungalow," a gift from Mrs. Sunday.

This year enrollment was confined to the students of the John D. Wells School (Hyung Sin Hakkyo) but as soon as camp life and precedents are firmly set, we hope to have cottages built by other schools, and to change the name to "All Korea Boys' Camps."

There were 18 Boys this year, including 3 who live in Sorai Village, but spent their days in the Camp. The administration was in the hands of teachers from the John D. Wells. Nature Study, with collections and preparation of marine specimens, was the only activity aside from athletics, which took most of the day.

No serious illness, and no sort of water accident marred this first year, and all who will be eligible next year plan to return. Here is hoping that this new departure proves its worth, and is the beginning of other camps for Korean boys, and girls as well, in years to come. We seem to have added to the language a new word, for while Su Yang Hoi, "Society for polishing and developing" has been used for Summer Conferences at La Northfield, there is no word or phrase for camp, and we have made it into a good Korean, or Japanese word, by adding the needed vowel, and calling it the Kampu.

Total 221.

Travel to Sorai

	To Sorai	From Sorai
By Auto	191	192
By Steamer	29	28
By Bicycle	1	1
Totals	221	221

It is a noteworthy fact that travel by steamer is becoming increasingly unpopular. Less than 15% of Sorai's residents now use this means of travel. Some excellent records have been made during the year. The J. H. Morris family left Seoul at 8 A.M. and reached Sorai at 4.30 P.M. Several trips have been made between Pyengyang and Sorai in from 6 to 8 hours actual travel time. Floods have interfered with travel at times but what part of Korea has been immune?

Buildings and Real Estate News

The H. J. Anderson lot No. 80 has been sold to Miss Doris. The latter has become an enthusiastic Soraiite, has drawn plans for her new house, and has begun the

foundations of the building.

Lot No. 18, belonging to Miss Humbold, has been sold to Mr. H. J. Anderson.

Miss Lisette Miller has purchased the house belonging to Dr. Bell (formerly the Keller house.)

The R. G. Mills house on the Bluff has recently been sold to Miss M. G. English. Miss English expects to make a number of alterations in her new property.

Prospects for building next year are excellent. Predictions are usually of little value but we venture to suggest that six or eight houses will be built. The expense involved in holding unimproved lots makes it unprofitable to own such lots. Furthermore, ease of travel to Sorai has so increased that the demand for houses is constantly growing.

Handwritten notes and scribbles at the bottom left corner of the page, including some illegible characters and lines.

ANNUAL MEETING
of the
SORAI BEACH LEASEHOLDERS' ASSOCIATION
August 11, 1925.

The Annual Meeting of the S. B. L. A. was held in the Auditorium Building on August 11, 1925 at 10.00 a.m. A goodly number of members was present representing more than two thirds of the members in Sorai during the summer.

The following actions were taken and are reported here for the benefit of both those in attendance upon the meeting and for those who could not attend.

1. The action of the Business Committee in borrowing Yen 700.00 last November for the completion of the Auditorium Building was ---- approved.

2. Grass and brush were ordered cut twice each season hereafter and the Registration Fee was ordered increased to cover the second cutting.

3. The Auditorium Building has been completed with the exception of a few days of carpenter work. The cost to date has been Yen 6450.00.

Of this we owe Yen 2100 on a note to Mr. E. H. Miller @ 8 1/2% interest and Yen 1000 to Mr. G. H. Kinn on the same terms. The original assessments for

the Auditorium will net Yen 4330. This leaves an uncovered debt of more than Yen 2100. At a meeting of the Community some time ago it was agreed among those leaseholders present to make a voluntary contribution towards this uncovered debt in order to put the Association on to its feet financially again. It was agreed that this contribution should be uniform and that Yen 30.00 from each house and lot or Yen 22.50 from each unoccupied lot - would represent the share each ought to bear. The Business Committee circulated a subscription list in the Community on this basis and 30 leaseholders signed same, this representing nearly all the leaseholders in Sorai. The Business Committee heartily commended these public-spirited members. At the same time it was apparent that the other leaseholders must share in the responsibility and so three plans were offered to all other leaseholders.

Plan 1. A contribution towards the Auditorium Debt of Yen 30.00 per house and lot or Yen 22.50 per lot payable on or before January 1, 1926. In making this payment the leaseholders are assured that these payments will meet completely all bills against the Auditorium and that there will be no further charges of any kind on this account.

Plan II. Those who feel that they cannot make a cash payment covering the full amount are offered the privilege of paying in instalments beginning on or before January 1, 1926, each subsequent payment being due on the succeeding Jan. 1st of each year, the term of these annual assessments to be five years and the assessments to be as following:

On each house and lot annually for five years Yen 8.00

On each unoccupied lot annually for five years Yen 6.00

These amounts represent an annual charge of 10% interest on the unpaid balances. The totals payable on this plan will be Yen 40.00 per house and lot or Yen 30.00 per unoccupied lot.

Plan III. Those who wish to make these payments begin after the present assessments for the Auditorium end may begin on Jan. 1, 1930 and make the following annual payments:

On each house and lot annually for five years
Yen 10.00

On each unoccupied lot annually for five years Yen 7.50

These amounts represent an annual charge of about 10 1/2% interest on all deferred payments.

The totals on this plan will be - Yen 50.00 for each house and lot and yen 37.50 on each lot.

4. The Association approved the above plans and urged that all assessments be paid up in full immediately. To encourage this action it was decided that all the assessments voted in 1923 and still unpaid would be discounted 10% if paid up in full immediately. In other words, those who still have four annual assessments to pay can claim a 10% discount on those payments if made immediately in full. There is no discount on the assessments made in section 3 above, but we believe that no one will care to pay 10% on the unpaid assessments made therein and that upon receipt of this information each one will pay the full amount in cash. namely yen 30.00 on each house and lot and yen 22.50 on each lot.

5. Assessments for 1925-6 for care of lots and for permanent improvements were set as follows: Per house Yen 9.00; Per lot Yen 7.00,

6. It was decided that beginning this year, the rates on Lots Nos. 1-23 inclusive shall be double those on other lots. These lots are the bluff lots from Mr. Underwood's house to and including Mr. A-wison's house. The reason

for this action is due to the fact that lots on the bluff have soared in value to the extent that a system of zoning has become imperative.

7. It was also decided that the maximum valuation which the Association can approve on any unimproved lot is yen 300.00 and that if any one shall sell such a lot for more than yen 300.00, then 50% of the excess selling price above yen 300.00 shall be charged as a Transfer Fee to become a part of the Permanent Improvement Fund.

8. It was decided to instruct the Business Committee to take steps to fix suitable Valuations on all houses and lots, and also to fix suitable rents for houses.

9. The Association voted to form a Zaidan Hojin to take over the property of the Sorai Beach Company and the following Board of Trustees were nominated to represent the Association:

R. O. Reiner, A. G. Fletcher, J. J. Moore, W. W. Reynolds, F. M. Brockman, V. H. Wache to represent the interests of the Association and H. H. Underwood, E. W. Koons and O. P. Avison to represent the interests of the Sorai Beach Company.

In connection with the formation of the Zaidan, it was decided that in view of the vital interest which Dr. H. G. Underwood had in developing

Lorai Beach, Dr. H. H. Underwood and his wife, Mrs. Esthel Van Wagoner Underwood shall have the right to appoint three members of the Board of Trustees as long as either of them shall live

In taking over the property from the Lorai Beach Company, the Association is required to assume the present indebtedness of the Company amounting to you 2000.00, also the unpaid Auditorium assessments on the Company lots as yet unsold amounting to you 456.00 and pay the shareholders of the Company you 12.50 per share for their stock, the total for same being about you 400.00. The property now belonging to the Company with its buildings shall then be turned over to the Association.

10. The following officers were elected for the following year:

Chairman	Dr. Moore
Vice Chairman	Mr. T. S. Soltan
Secretary, Treasurer	Mr. Reiner
Assist. Treas.	Mr. B. N. Adams
Medical Officer	Dr. Fletcher
Athletic Com. Chm.	Mr. Bruen
Safety First Com.	Mr. Cook
Beach Sports Com	Mr. Purdy
General Athletics	Dr. Hoyt
Social & Ed. Com. Chm.	Mrs. Brockman

Entertainments	Mrs. E. Adams
Livery	Mrs. F. S. Miller

Community Services	Dr. Erdman
Music	Mr. Carlson
Conference	Mr. T. S. Soltan
Korean Life	Mr. H. E. Blair
Buildings and Grounds Com	Mr. F. S. Miller 1928 Chm.
	Dr. Cable 1927 To fill Mr. O. S. Soltan's place
	Dr. P. A. Clark 1928
	Miss Dorise 1927
	Mr. H. E. Blair 1926

11. It was decided to offer the P. O. authorities a site for a new P. O. near the village by the well.

12. A plan for protection against burglary was adopted as follows:

Recommendations of Business Committee
in re

Robbing of Houses during Winter
and Approved by the Association

- A. Provide a watcher for the property, on full pay the year round, with use of a house, company fields, Association bull and cart, free firewood, and yen 50 as cash wages for man to handle the bull, also the year round. Watcher to feed and clothe said hired man.

Watcher to visit and inspect each house every day, including Sundays, to see if there is any evidence of breaking into or tampering with the buildings, and to report to the Police at once anything of the sort.

- B. Ask each house-holder to arrange his house so that the outside door keys can be given to the watcher, to be used by him only to see if depredations have been committed, and in case they have, to show same to the police.
- C. Provide that boxes or other packages can be stored for the winter in the Dispensary or the Severance Research Department building

(now the Post office), each to be securely fastened and marked plainly in English and Korean, with name of owner and lot number. No package or single piece will be valued at less than yen 35, for purposes of fire insurance. A value of any multiple of yen 35.00 can be declared, and the rate will be multiplied accordingly.

The charge will be 50 yen for each package or piece.

The watcher will collect the packages after the season ends, and will return them when it opens, after August 30th, and before July first.

The Association cannot guarantee safety of these goods, but will do its best to make the buildings where they are stored secure, and will insure against fire as above.

10. Offer a standing reward of yen 25,00 for information leading to the arrest of anyone for breaking into any of the houses, or for recovery of stolen goods to the amount of yen 10,00.

13. It was decided that all who had made payment on account of benches for the Auditorium could apply this payment on the contribution which,

they are making for the Auditorium this year or towards the assessments just adopted for paying the balance on the Auditorium.

14. Dr. Bernheisel and Mr. W. P. Parker were appointed a committee to audit the Treasurer's books.

15. It was voted to disapprove of the soliciting of any funds in the community of any kind without the approval of the Business Committee or Association.

At a meeting of the Business Committee later it was decided to extend action No 6 above and apply it to all the Beach lots from Dr. Clark's house to Dr. Lampé's house beginning Oct 1, 1926. (Lots 34-43.)

The Treasurer reports that the loan of \$2100 from Mr. E. H. Miller has been paid in full with interest to date. This was made possible by the prompt payment by many of the leaseholders of all unpaid assessments on account of the Auditorium and by their contributing funds as per action 3 above to cover the uncovered debt. It is hoped that before next Annual Meeting most of the remaining bills will also be paid. Every leaseholder is urged to pay up all Auditorium assessments in full immediately.

WINNERS OF SORAI'S " 1925

Mrs. McArlis.	Ruth Reiner
Mrs. Chaffin	Mr. Wachs.
Carter Clark.	Mr. Reiner
Miss A. L. Bergman.	Miss Van Fleet.

50 yd. dash for Girls over 12 1st Louise Krons
and Rosa Brockman

ANNUAL TRACK MEET.

The Annual Beach Track Meet was held August 7-1925, being limited this year to the "younger set," with the following results:-

50 yd. dash for Boys 7-10 1st. Archie Fletcher.
2nd. Samuel Crothers.
3rd. Dayton Roberts.

100 yd. dash for Boys over 11 yrs. 1st. Everett Reiner.
2nd. Eugene Reiner.
3rd. John Bigger.

50 yd. dash for Girls 7-10 1st. Ruth Reiner.
2nd. Elsie Fletcher.
3rd. } Ruth Bigger
Tie } { Eleanor Soltow

50 yd. dash for Girls 10-12 1st. Barbara Koons
2nd. Francis Clark.
3rd. Marie Wache.

*
20 yd. dash for children under 7 1st. Donald Fletcher.
2nd. Donald McAulie.
3rd. Betty Campbell.

3 Legged Race for Girls 1st. Louise Koons and
Rosa Brockman.
2nd. Ed. Rita Wache
and Thelma Chaffin

Hop, Step and Jump for Boys 1st. Miller Wache.
over 12 2nd. Everett Reiner.

Standing Broad jump for Boys over 12 1st. Everett Peiner.
2nd. Miller Hacks.
3rd. Eugene Peiner.

Running Broad jump for Boys over 12 1st. Everett Peiner.
2nd. John Bigger.
3rd. Miller Hacks.

THE LUDLOW CUP.

Through the kindness of Dr. Ludlow, a silver cup was offered this year to the winner of the swimming contests. The contests included the swim around the Point and five other events. The competition was keen and the excitement intense. The winner was Lucy Roberts with a score of 93 points out of a possible 100. Louise Stone was second with 83 points and Miller Hacks third with 77.

ROUND THE POINT SWIM.

The results of the swim around the Point were most disappointing so far as the time records were concerned, the best time being 44 minutes. Unfortunately the race was started too soon and almost the entire race was swum against the tide. The following were the first nine

contestants to complete the swim in order.

Lucy Roberts.
 Louise Hoons.
 Miller Stacks.
 Rosa Brockman.
 Eugene Reiner.

El Cuta Stacks.
 Everett Reiner.
 Hugh Reiner.
 Eugenia Roberts.

Others who finished the race were

Thelma Whaffin. H. B. Lyon.
 Johnnie Bigger. E. L. Campbell.
 J. S. Soltan. C. S. Hoffman.

SORAI "S"

Those winning the Sorai "S" and circle this year are as follows:

Miss O. Swallen.	Rosa Brockman.
Miss Walter.	E. L. Campbell.
Stanley Hoffman.	D. L. Soltan.
James Crothers.	Dr. Holdcroft.
J. S. Soltan.	H. B. Lyon.
Mr. Terr.	Dr. Swallen.
Mr. Bowers.	
Dr. Cable.	
Mr. F. S. Miller.	

The best time made around the Point this year was made by Hugh Reiner, 32 minutes.

Jokes

She: Won't you think this bath suit is a perfect fit?

He: Yes it is almost a convulsion.

She: Why do you always borrow Lions cornet. You can't play a note.

Y: Neither can he while I've got it.

Little one: He take a cold shower every morning.

Little two: So do we, we have grapefruit for breakfast.

Mark: What kind of shoes do you think I ought to wear with these golf stockings?

Joons: Hip boots.

I'm broke and tired, my health's a wreck

Oh, joyful recreation.

In debt I am mired, up to my neck

I've been on my vacation.
